

Insulation of Resistance Wires

We process both single wires and stranded wires made from various metal fibers – such as Bekinox®* or Kanthal®**

*Trademark of the Bekaert Group, **Trademark of Kanthal AB

Custom Manufacturing Services: You supply the wires, we take care of the rest! This allows you to stay focused – where it matters most – on the core of your projects.

Finished Product: No time for procurement? We source the wires through our reliable partners and process them according to the highest standards.
